

Our Quality Policy

To support our corporate objectives each person employed by United Pacific Industries is committed to providing premium quality healthcare products to our customers

We will achieve this by continuously improving the performance of our:

- Administration
- Sales
- Marketing
- Production and
- Distribution functions
-

This improvement will be based on:

- Capturing, retaining and growing product knowledge
- Improving the quality of our products
- Standardising the way our products are manufactured
- Developing and maintaining a systems approach to service delivery based on the ISO9000 series model

Matthew Symington
Chief Executive Officer
